Rector's Reflections

Love in Three Dimensions

I wonder if you plan on celebrating St Valentine's Day? No one is quite sure why this day has become connected with the celebration of love, but the connection is now firmly embedded in our culture. I would add that it is also the case that no one is quite sure who St Valentine was – or indeed, whether there were actually two different St Valentines, who happened to share the same name. The best guess is that there was in fact only one St Valentine, who was martyred for his faith back in the Third Century AD.

St Valentine's Day is, of course, all about love. But what do mean by the word "love"?

Christians have been exploring the nature of love since the days of Jesus himself. Jesus himself summed up his teaching in terms of love: we are to love God and to love one another. This is not always easy to do, and we will often fall short and make mistakes. But we should at least make the effort. The Church as an institution should have love at its heart: the Church is a means of celebrating God's love and sharing that love with his world. Unfortunately, the Church doesn't always live up to this calling, and there are times when it doesn't behave in a particularly loving way. But at least it tries to put love at the heart of all that it does, and when it makes mistakes, it usually tries it best to own up to its failings and to try and put things right.

The Church also thinks hard about what "love" means in practice. It sees love as being exercised in three dimensions. There is the love we share with other human beings – the love which is usually celebrated on St Valentine's Day. But there is also the love we share with God: our love for God and God's love for us. And finally, there is the third dimension of love, which is perhaps the most surprising: the love we show towards ourselves. Down the centuries, Christians have come to the understanding that we cannot truly love others or even love God, if we do not also love ourselves.

I wonder if you would agree that we cannot truly love others unless we have learnt to love ourselves. A challenging thought for St Valentine's Day! With every blessing, Father Jason.

Looking for something different? Blewbury's Taizé service: every second Sunday of the month at 10.30am

This is a quiet, reflective Service with Bible readings, prayer, silence and singing as well as the opportunity to light candles. It is easy to learn Taizé chants as they are repeated again and again, using just a few words. These chants become a way of speaking to and listening to God. Our service shares the ethos of the Taizé Community which is located in the village of Taizé in Burgundy. We welcome people from all denominations and cultures – those who have a Christian faith and those who struggle to believe. We sing in different languages to reflect this but English translations of what we are singing are also provided. Please do join us and bring your friends.

Christingle Service at St Andrew's Sunday, 15th February at 10.30am combined with Family Communion

The word 'Christingle' actually means 'Christ Light' and celebrates the light of Jesus coming into the world. The orange is round, like the world; the candle gives us light in the dark, like the love of God; the red ribbon goes round the 'world', as a symbol of Christ's blood, given for everyone; the four sticks point in all directions, and symbolise that God is over all: North, South, East and West; and the fruit and nuts remind us of God's blessings.

All welcome to this Service

The Children's Society first introduced the Christingle Service to the Church of England in 1968, and it has since become a popular event in the church calendar. This candlelit celebration is an ideal way to share the key messages of the Christian faith, while helping to raise vital funds to help vulnerable children across the country. Churchwardens Chatter We have drafted out a plan for events to be held at St Andrew's in 2026, and the story so far looks a bit like this:

First Sunday of the month - **the Organ Recitals continue**. They are going from strength to strength and if you've never attended one yet, make it happen this year! In February we have the fabulous **Papagena Concert**. A real treat I hope you have your tickets already. Then Mo Windsor is preparing **Stainer's Crucifixion** for **22nd March**. Another performance not to be missed

Justine is organising a **BARN DANCE** on **Saturday 9th May**, watch this space for tickets.

June 20th of course, brings the **FETE**. If you can volunteer in any way, please let us know.

Then the **CAR BOOT SALE** is back!! Hopefully this will be on **13th September**.

And before you know it - the **Christmas Tree Festival**. Didn't they do a fantastic job in 2025? It seems to be going from strength to strength – there are already enquiries for trees in 2026!

Apart from all of this we are having to look closely at the Church building itself to ensure that it will stand the test of time and be with us for the next 100 years, There are water leaks appearing quite regularly now and this means that the roof needs inspecting quite urgently, the kitchen has served us well for the past 40 years or more but probably could do with a bit of a refurbishment and of course, we still have to deal with replacing the roof of the porch. Lots to do, but with your support I know we can do it.

Hoping you all have a great year and that it will exceed your expectations. Jane and Jill

Congratulations to Lewis and Sophie Neofitou on the arrival of their daughter, Emily Grace on the 24th January 2026. Best wishes from your family and friends.

Can you write a poem for The Poets' Trail?

Don't be shy! The Poets' Trail is an ongoing project, started in East Hagbourne, encouraging local people to put pen to paper, and then have a chance to see their poems in print in one of our illustrated books.

The first Poets' Trail books were based around East Hagbourne, but the latest one, Didcot's Oaks, spread out to a wider area. Following the success of this we are now collecting poems for the next theme, which is:

ROUTES – From Pathways to Railways in Didcot and Villages.

You could write about your favourite dog walk, what you have discovered in the hedgerows, travelling on the top deck of a bus, speeding along in a train or cycling to a village pub..... We want as much contrast as possible, and your personal take on the theme.

Poems should be no more than 36 lines, including title and spaces.

Entries due in by 30th June 2026.

Send to Linda.benton@live.co.uk Any questions, please call on 01235 817891

Tower Talk We rang the bells at St Andrew's on 31st December at 11:30pm and rang in the New Year at Midnight. There were seven ringers in the tower and there were a few visitors. The tenor was tolled at midnight and then we were able to 'Fire' the bells which means the bells are all struck at the same time!

We hosted the branches New Year's Day ringing this year followed by a hot soup lunch. Lots of ringers from all around the branch turned up to enjoy our bells and also the lunch that followed, which was very popular.

There was no ringing practice on the first Tuesday in January, but we are now back to our normal practices and Sunday ringing.

On Saturday 24th January a few of the Hagbourne ringers joined the Churn Ringing Outing that was organised by Rob Nickless from North Moreton. We had a really good day's ringing with a lovely soup lunch at North Moreton Village Hall, thanks to Rob's wife Jo. St Andrew's East Hagbourne was the first tower of the day followed by St Michael's Blewbury where we were treated to coffee and biscuits. We also rang at Aston Tirrold and North Moreton in the Benefice and a couple of other Churches nearby. Then some of the group finished the day at the Leathern Bottle at Lewknor for an evening meal.

The next of Jill's training sessions will take place on Saturday 7th February and hopefully will cover Double Norwich, not an easy method. The tower AGM should take place on the last Tuesday in February, the 24th this will be a shorter ringing practice followed by the AGM.

Paul is arranging our tower's Ringer's Supper, date to be confirmed.

Shirley Goss.

As Mothers' Union celebrates its 150th anniversary this year, there is an opportunity to research some MU history in our parishes. YOUR HELP IS NEEDED! MU in the Oxford Diocese started in 1888. Years ago, there were MU branches in most parishes and definitely branches in Hagbourne, Aston Tirrold and Blewbury.

We currently have one branch in the Churn Benefice with around 30 members.

- **Was there an MU branch in the Moreton parishes?**
- **Are there any MU banners in our benefice churches?** In Blewbury Church we have a HUB MU banner (Hagbourne, Upton & Blewbury parishes) and a Wallingford Deanery Banner, which is quite ancient.
Do pop into Blewbury Church and have a look in the Lady Chapel.
- **Was your mother or grandmother an MU member** and have you any photos, certificates or records? These days, men can become members as well as single people. In the Churn branch we have five male members.

Revd Louise would be very pleased hear if you have any answers to these questions. Come along to our AGM on 1st February and find out all we are doing in the Churn MU in 2026. The Churn MU branch meet at 3pm on Sunday 1st February for their AGM in Blewbury Church with tea afterwards at Louise's house.

Our monthly Holy Communion service is at 10am at St Mary's Church, Upton on Thursday 19th February. All are very welcome. Join us and Join in.

Revd Louise Butler 07837 009730, leader, Churn MU branch

Lent Lunches at St Andrew's

There will be hot soup lunches served at St Andrew's Church on Saturdays between 12:30 – 2:00 during Lent from the 21st of February – 28th March (inclusive).

The lunch will consist of homemade soup, fresh bread and cheese, fruit and/or cake plus a cup of tea or coffee. If there is anyone who would like to run one or more of the Lent Lunches there will be a sign-up sheet in church or you can contact me, Shirley Goss, on 01235 815605 or e-mail shirley.goss@btinternet.com. You are welcome to run a lunch in aid of a charity of your choice but we would ask for a small donation to the church. I can provide an information sheet re: running the lunch. You will need to bring **cash** for your lunch, and we suggest a donation of at least £4.00 each, minimum. These are popular especially in the cold weather so please come and support us. Please note that the last of the Lent Lunches, **Saturday 28th March**, will be in aid of **Sobell House**. (See separate notice on page 12 in magazine for further information).

PS. If we do not get people to sign up to run a lunch then it will not happen, but I will keep you informed. Please check to see if the lunch is available. Shirley Goss

With Sympathy We send our heartfelt sympathies to the family and friends of Pam Haines who died on the 1st of December 2025. Pam was born in Wales on 15th January 1939 and remained staunchly Welsh all her life. Pam and her husband Ken spent most of their married life in East Hagbourne with their three children. Pam was very active in the community of the village, helping out at Church Fetes and the Sobell House Lent Lunches. She started knitting in later years and enjoyed knitting many colourful squares for the Knitwit knitting group to be made up into blankets. Her husband Ken sadly died in 2020. Pam's health later deteriorated and she moved into The Meadows Care Home in Didcot in 2025.

With Sympathy We send our heartfelt sympathies to the family and friends of Edna Jones who died on the 16th of January, aged 97. Edna and her late husband, Vic, had lived for many years in East Hagbourne. Edna's Funeral Service will be held at St Andrew's on Thursday, 19th February at 12.30.

May they rest in peace and rise in glory

Why mosaics matter

Globally, nature and climate are deeply connected to each other. The loss of carbon sinks such as forests and peat bogs are detrimental to our climate. Conversely, if nature is allowed to flourish, mangroves, wetlands and other ecosystems protect areas against some of the worst impacts of climate breakdown. And it's more obvious for us to see the direct impact that climate has on nature; rising temperatures and extremes of weather creating adverse conditions for wildlife. That might be bush fires, floods, droughts, storms, heatwaves – all of which we see in the news more and more regularly.

The beautiful Large Blue Butterfly
picture: Wikipedia Commons

And there's a similar dynamic on a much, much smaller scale in our back gardens. Insects are the basis of food chains in our gardens, and insects often rely on specific conditions to survive. So, if the temperature rises too much or we have flooding or drought, they are in trouble. And when that happens, the creatures up the food chain, who rely on them for food (e.g. birds, bats, frogs), are also in trouble.

In your garden, you can help insect species be more resilient to these changes.

Create a mosaic of habitats –

- **Varying length of grass**, some left long, some cut shorter, then gives more range in temperature and humidity for ground living insects to cope with changes.
- **A range of sun and shade**, bare soil in sun is particularly helpful to mining bees, while a dense area of planting creates helpful shade and protection all year round.
- **Different garden features**: ponds (however small), wildflowers, native trees and hedging, hedgehog holes in your fence and wild corners that might have wood or stone piles.

All of these things make your garden more resilient for wildlife and therefore more enjoyable for us too. For more ideas on wildlife gardening, see our website www.hugsustainability.org

And for an insect success story, read about the case of the large blue butterfly. Reintroduced after becoming extinct in the UK. The butterfly relies on one species of ant to survive. Both insects require very specific environmental conditions relating to soil temperature (and therefore grass length). Nationally important research, carried out locally at the Centre for Hydrology & Ecology.

HAMS... DENOUEMENT

WORKSHOPS – MASTERCLASSES – THEATRE TRIPS AND A SOCIAL EVENING!

February brings together all of the plans and activities of our season of *Process and Play* as we move towards the final few weeks in March! This month HAMS are welcoming masterclass leaders on a range of new topics and building on our earlier themes. We're trying our hand at improvisation, learning to build tension, thinking about status, and sharpening our comic timing with farce. We meet on Thursdays from 19.30 – 21.30 at the Village Hall and everyone is welcome.

We have two further theatre trips planned for friends and supporters. The first is to see the recent RSC touring production of *The Constant Wife* at Oxford Playhouse just before it moves on to the West End. Then in March we are popping back to The Watermill to see *Larkrise to Candleford*. We'll be reading scenes from both plays in workshops ahead of our visits to become familiar with the scripts and enhance our appreciation of the performances we see.

As announced at the start of the year, this season of *Process and Play* will culminate in a social evening at which we would like to share a few of the things we have been doing and invite discussion and engagement with the wider community to help shape the future of HAMS. We hope you will **save the date** and **come and join us with a drink and a chat and a workshopped performance or two:**

Friday 27th March at The Village Hall, 8pm.

To express an interest in HAMS and join the mailing list, drop us a line at info@thehams.co.uk.

Astronomy Notes – through the telescope - one for St Valentine

The Heart Nebula (IC 1805) is a prominent emission nebula located roughly 7,500 light-years from Earth in the Perseus Arm of the Milky Way, within the constellation Cassiopeia. Spanning around 350 light-years, this vast region of glowing hydrogen gas and dark dust is famous for its distinct, heart-like shape. Discovered by William Herschel in 1787, it covers an area of sky 3 x larger than the full moon. Here we have a stellar nursery, where intense radiation from the central cluster of stars (some of which are 50 x the mass of our Sun) is shaping the iconic form.

The clouds of Hydrogen, and Sulphur plus a little Oxygen, are glowing, so it is known as an emission nebula. Captured last Autumn from the observatory. John Napper - Starfields Observatory

Comments from the East Hagbourne Parish Council Chairman

Communication There is mixed news on developments for better communication with OCC. On the one hand, we have just had good updates on the slurry seal and on some future works by the footway team of OCC. On the other hand, we received no advanced notice nor any prior consultation on the controversial work on the removal of nearly all vegetation from the bridleways of footpaths 17 and 19 which was as big a surprise to us as to anyone. Of course, OCC are still not reacting to our ongoing monologue on the state of Main Road between the village and Coscote.

Slurry seal on Main Road We do have an update on this by courtesy of the better communication referenced above. Minor issues, including the patches lost in heavy rains, will be addressed during snagging works in the spring. Since the work was done in wet and very cold conditions, there will be further monitoring over the next 12 months, and further remedial action will be taken if necessary. We have also been told that they hope to resolve the patch opposite Kingsholm Close when doing the footway work on Blewbury Road. BTW snagging is defined by OXFORD Languages as: "the process of checking newly completed works for minor faults that need to be rectified".

Footway works on Blewbury Road We have been given advance notice of some major footway works on Blewbury Road by OCC Highway Maintenance. They have told us that work will commence on Monday the 9th of March, and is expected to take approximately 2 weeks subject to any unforeseen delays. During this time, they will be replacing damaged and defective drainage assets, kerbing, footpath edgings as well as the footpath surface along the highway. These works will be conducted under traffic lights during normal working hours. OCC say they will send out advance notice letters to all residents directly affected by these works to inform them of any restrictions and access arrangements.

Main Road to Coscote Perhaps the issue in the village that is of most concern to villagers are the potholes on the road to Coscote. This is one area that we have been constantly trying to communicate the seriousness of to OCC Highways.

We have said that if they keep a record of the amount of money they spend on fixing the potholes they will see that the cost of fixing the road properly with better edging and resurfacing will save them money. We have also pointed out that due to OCC incompetence when the outline plan was passed in 2017, the builders were not required, through an S278 agreement, to repair any damage done by their construction traffic on this stretch of road. We do keep trying.

Footpaths At the PC meeting in January, we discussed getting specifications and rough quotes for work on the footpaths for improvements to Footpath 12 (final stretch from FP25 junction to Church Close), footpath 30 (Village Hall), footpath 8 (Bakers Lane to The Croft), footpath 13 (Parsonage Lane), and footpath 9 (Shoe Lane), and a kerb access slope to footpath 4 (Wilcher Close).

This is recorded in the minutes of our January meeting which is one of our ways of communicating with you and is repeated here in the spirit of better communication between village and parish council!

Parish Surgeries. On that theme, the next parish surgery will be in the Fleur de Lys on Friday 13th February from 5.00 to 6.30 pm. As always, feel free to contact me (iain.duff@easthagbourne.net), the clerk or any other councillor should you have urgent concerns.

Parish Council meetings The next meeting of East Hagbourne Parish Council will be held in the Pavilion in the Recreation Ground starting at 7.30pm on Thursday 12th February. Members of the public are welcome to join the meeting and the agenda is posted on the Parish Council noticeboard outside the Community Shop and on the village web pages at least three clear days before the meeting.

Although I often ask the clerk or a council member to review parts of this page, and I am grateful for any improvements, this is not a formal or even approved article from the Parish Council. I accept full responsibility for any errors or omissions and do please alert me to any you find! Iain Duff

PUBLIC ART PROJECTS – UPDATE

Work is underway on three art projects funded by S106 contributions from the Deanfield development, all of which will add something special to different parts of the village.

At Lower Cross, artist Linda Benton is completing designs for a bold and colourful frieze celebrating village life, which will wrap around the inside of the bus shelter. Ahead of the artwork being installed, the Parish Council is using CIL money to refurbish the shelter this Spring, including a new cedar roof and damp-proofing.

At the Recreation Ground, Julie Grose is developing a nature-inspired metalwork design for new car park and pedestrian gates, combining visual interest with practical, everyday use.

At St Andrew's Crescent, permission has now been granted for a new stone sculpture. The project can now move into its next phase of design discussions with sculptor Alex Wenham.

CHAIRMAN'S SURGERY – Friday 13th February Iain Duff will be at the Fleur de Lys on Friday 13th February from 5.00 to 6.30pm to welcome any residents with concerns or queries relating to matters in the parish.

The Winter Olympics returns to Europe If you enjoy watching snow-sports, you are in for a great month. From 6th to 22nd February, Italy will be hosting the 2026 Winter Olympics, officially known as Milano Cortina 2026. The opening ceremony is at football's famous San Siro stadium. The Paralympic Winter Games follows, from 6th to 15th March.

For the first time the Winter Games will have two host cities, Milan and Cortina d'Ampezzo, with events spread across 15 venues in northern Italy, using existing infrastructure to reduce costs. (Thus, Milan will host indoor events like hockey and figure skating, while Cortina hosts alpine skiing and snowboarding.) Around 3,500 athletes from more than 90 countries are expected to compete for 195 medals across 16 Olympic disciplines. New this year is ski-mountaineering.

Bus service to the Churchill, Nuffield and Warneford Hospitals

The bus to catch for any of these hospitals from the centre of Oxford is number 15 which is every 1/4 hour during the day, taking 10-12 minutes, longer at busy times.

You can catch it near the entrance to the Covered Market or near Queen's Lane. Those stops work whether you're connecting from Didcot with the Thames Travel X32 or, quicker but more walking, using the train from Didcot. The set down points are announced on the bus; for the Warneford, Warneford Road; for the Churchill, Roosevelt Drive; for the Nuffield, the stop is further on, called Lime Walk, and is actually in Old Road near the Old Road entrance to the hospital. **The website for the 15** is <https://www.oxfordbus.co.uk/services/OXBC/15>, where you can also find a useful bus map and even live information. When using the X32 to Oxford, it's also possible to connect with the 15 near the Police Station, generally fewer people trying to get on at once.

Thames Travel bus service to Oxford and the JR Hospital from Didcot – X32

The X32 service starts at Cockcroft Road, Didcot, which might be a convenient point for some people to catch it - every 20 minutes. It then goes to GWP South and down Wantage Road, past Didcot Hospital, to the Orchard Centre, Station, and on to Oxford and the JR.
